# ROHIT MUNDHRA
**B.Tech. - Computer Science & Engineering**
**Ph:** +91-7726021453
**Email:** rohitm1924@gmail.com
Dungargarh, Rajasthan, India

## BRIEF SUMMARY

I am a BTech Student, who is always ready to accept new challenges each day and work for my goal until I achieve them. I have a good command in programming and I am a good problem solver and I am more into flutter development and dart language for android app and C++ for system development.

## KEY EXPERTISE

C    CPP    flutter    Dart    Visual Studio    Github    Android Studio    HTML    CSS    Python

## EDUCATION

**Kalinga Institute Of Industrial Technology**                  2020 - 2024
B.Tech. - Computer Science & Engineering   |   CGPA: **8.72 / 10.00**

**D.A.V**                  2020
12th   |   CBSE   |   Percentage: **91.40 / 100.00**

**D.A.V**                  2018
10th   |   CBSE   |   Percentage: **83.50 / 100.00**

## AWARDS AND SCHOLARSHIPS

- National Level- ROBOCON- BY IIT Delhi
- Arduino Hackathon- By IIT Bhubaneswar
- Third Position- Bot Race- By IEM Kolkata

## INTERNSHIPS

**Internsavy**                  01 Jul, 2023  - 31 Jul, 2023
Android Developer Intern

**Key Skills:**   Flutter    Dart    Visual Studio    Android Studio

In this internship I was given three basic app to be develop in android. Which I completed using flutter and dart

## PROJECTS

**Music Player**                  01 Jul, 2023  -  28 Jul, 2023
**Team Size:** 1

**Key Skills:**   Flutter    Dart    Visual Studio    Android    Github

**Project Link:**  https://github.com/RohitMundhra123/Audio-Player

This is same as the app we find in our android app where it loads all the audio files in your mobile and you can play, pause, skip the songs.

**Smart Health Box**                  02 Feb, 2023  -  22 Apr, 2023
**Team Size:** 4
**Key Skills:**

Android Studio    Android Development    Java    Embedded C    Embedded Systems    Firebase    Visual Studio    API    API Testing

**Project Link:**  https://github.com/RohitMundhra123/Smart-Health-Box-Android-App

This is an app made by me and my team as minor project where we made an app which take input from user and detect a user is suffering from heart disease or not by calling API made by us. User can give data through two method one manually and one through our device using bluetooth.

**Heart Disease Prediction API Creation**                  09 Mar, 2023  -  14 Mar, 2023
**Team Size:** 2

**Key Skills:**   API    API Testing    Python    Flask

**Project Link:**  https://github.com/RohitMundhra123/Heart-Disease-Prediction-API

In this I made an API for ML model made by my teammate using flask, python to call it from web.

**Morse Code Emulator**                  11 Feb, 2022  -  11 Feb, 2022

**Key Skills:** Embedded C    Tinkercad    Embedded Systems

**Project Link:** https://github.com/RohitMundhra123/Morse-Code-Emulator

This was an Arduino Hackathon where I was supposed to decode morse code to character so using Arduino, seven segment display and push button i made the device and wrote the code to decode it.

## CO-CURRICULAR ACTIVITIES

- Coordinator- KIIT ROBOTICS SOCIETY(2023-2024)
- Assistant Coordinator- KIIT ROBOTICS SOCIETY(2022-23)

## EXTRA CURRICULAR ACTIVITIES

- Organized KONQUEST- A robotics Event in KIIT(250 Participants)
- Organized LIFT-OFF- A drone workshop in KIIT(300 Participants)
- Anchor- Orientation Program(450 Students)

## PERSONAL INTERESTS / HOBBIES

- Public Speaking
- Travelling
- Watching Movies
- Playing Kabaddi

## IMs

- WhatsApp - 7726021453

## PERSONAL DETAILS

**Gender:** Male

**Marital Status:** Single

**Current Address:** Ward No-5, Tapariya Baas, Bigga, Dungargarh, Rajasthan, India

**Email:** rohitm1924@gmail.com

**Date of Birth:** 24 Nov, 2002

**Known Languages:** Hindi, English, Nepali

**Phone Number:** +91-7726021453
